Medical Practice Commitments and Expectations

Engaging in Treatment:

Welcome to Greatland Clinical Associates (GCA). Engaging in treatment is not to be entered into lightly. Successful care requires commitment on our part and yours.

At GCA, we strive to provide you with the best care possible. We will do our best to provide you with a thorough, comprehensive evaluation. We will describe treatment options and information regarding the benefits and risks of each. We will work with you as you continue to pursue your goals.

Good care requires we form a partnership. We will provide competency and compassion. Your part will require honesty and transparency. An active, engaged client, learning about their illness is more able to manage their problems, and not let problems manage them. If things are not going well or there is a reason to change treatment then please let us know. Questions are always welcome.

Keeping Appointment:

Keeping appointments is integral to the treatment process. We recognize that things can come up and make it impossible to keep your appointment. Please let us know of this as quickly as you can so that we can reschedule and offer that time to another client. We do ask for one business day's notice for a cancellation or rescheduling. **For a missed appointment or a late cancellation, a fee may be assessed: For the first event, the fee is 50% of the scheduled appointment. For a missed appointment or late cancellation thereafter, the fee is 100% of the scheduled appointment.** It is our clinic policy to refer clients to other providers when there have been two or more missed appointments or late cancellations in a 12 month period. Should this occur, GCA will be happy to provide referral names and contact numbers of other providers who may be a better match. (INIT ____)

Payment for Services:

Payment is expected at time of service. Once you have engaged our services, it is important to us that you are able to continue. If your financial situation changes, please, let us know as soon as possible. We will attempt to work with you. However, if your account becomes over 60 days past due, **we will charge interest at a rate of 10.5% annually (0.875% monthly).** If your account is 90 days or greater past due, or if your account exceeds \$500, without significant effort to meet your obligation, we reserve the option to cease providing services for you. We will provide appropriate referrals for alternate providers. Accounts greater than 90 days past due may be submitted to a collection agency, although we prefer not to use this option. All fees associated with this will be charged to the client.

Prescription Refills

We request **four (4) business days notice for all medication refill requests.** Please notify your pharmacy if you need a refill, and ask them to fax a refill request to our office. If problems arise, let us know. Certain medications cannot be faxed, phoned in, or refilled early. Planning ahead helps prevent running out of medications. **(INIT ____)**
